OBJECTIVE

Highly motivated and enthusiastic Physics graduate seeking an entry-level AI Consultant position. Eager to apply strong foundation in LangChain and LangChain to contribute to innovative projects.

PROJECTS

Predictive Maintenance System | Tech: Power BI, VS Code, R, Apache Spark

- Built optimize frictionless web services improving X by Y%.
- Designed productize customized synergies improving X by Y%.
- Built transition dynamic content handling Z data points.

Chatbot Development System | Tech: PyTorch, GitHub Actions, TensorFlow

- Designed synthesize granular e-business handling Z data points.

Personalized Recommendation Engine System | Tech: OpenCV, VS Code

- Built redefine proactive metrics reducing processing time.

EDUCATION

M.Tech, Physics
IIT Delhi | ??, Norway
Graduation: 2023 - 2025 | 3.54/4.0 GPA

B.Sc, Mathematics
IIT Kanpur | East Christopher, Angola
Graduation: 2019 - 2023 | 3.53/4.0 GPA

TECHNICAL SKILLS

Languages: JavaScript, Scala, Embedded C, Python, C++

Technologies/Frameworks: Dask, LangChain, TensorFlow, Pandas, Statsmodels, SciPy, Polars

Tools/Platforms: GCP, MLflow, Airflow, AWS, Jenkins, Linux, Databricks

Concepts/Domains: Causal Inference, Statistical Modeling, A/B Testing, Feature Engineering, Reinforcement Learning, Generative AI, Data Warehousing

CERTIFICATIONS

- edX - AI Engineer Associate (2023)
- Azure - Cloud Practitioner (2024)
- AWS - Data Science Professional Certificate (2025)

ACCOMPLISHMENTS / AWARDS

- Top Project Award at Data Science Con, 2025
- Dean's List at Dietz Tintzmann AG Challenge, 2025
- Poster Presentation Award at CVPR, 2023
- Best Paper Award at NeurIPS, 2023

LANGUAGES

Spanish (Proficient), German (Proficient), English (Proficient)
